[DEQ Commentson CDM ppt.docx](#)

Hi All.

Here's a reminder about our call on Mon (call-in info below), and some materials for your consideration before we meet.

The agenda is:

recap where we've come to from our Dec 2011 and Mar 2012 calls,
confirm agreement points, timeline & DEQ's proposed screening level RE contents, and
discuss the CDM ppt and any outstanding issues.

Look forward to talking to you all then.

--Alex

-----Original Appointment-----

From: LIVERMAN Alex

Sent: Tuesday, October 02, 2012 3:42 PM

Cc: 'Humphrey.Chip@epamail.epa.gov'

Subject: Recontamination Evaluation Conf Call

When: Monday, October 29, 2012 9:30 AM-11:00 AM (UTC-08:00) Pacific Time (US & Canada).

Where: call-in line

Hiya!

As promised, I have selected a date/time that worked for everyone who filled out the doodle poll (+1), to check back in on the Recontamination Framework. The call in number is:

USA Toll-Free: Non-Responsive

Participant Code: Non-Responsive

Attached please find the Recontamination Evaluation Elements and Timeline chart I worked up in response to our last call-in discussion & the draft ppt that CDM provided on Site Level Recontamination Evaluation framework.

<< File: RE elements & timeline.docx >> << File: Portland_Harbor_Framework_10-Aug-2012.CDM.pptx >>

I'd like to discuss these and get everyone's input so that we stay on the same page. I'll provide initial DEQ input on the ppt as well as a short agenda closer to the day, so if anyone has a topic to include please let me know.

Talk to you all then!
